# **CMAP Land Use Working Committee**

Annotated Agenda Wednesday, July 17, 2013 9:00 a.m.

DuPage County Conference Room 233 S. Wacker Drive, Suite 800 Chicago, Illinois

• Call to Order 9:00 a.m.

- Agenda Changes and Announcements
- Approval of Notes June 19, 2013 ACTION REQUESTED: Approval
- Local Technical Assistance Program Applications

Bob Dean (CMAP) will provide an overview of the 66 applications received for this year's call for projects for the LTA program. Please review the summary of applications, posted with these materials and available here. (In addition, the full applications are available here.)

This will be the primary opportunity for Land Use Committee members to ask any questions and provide feedback to CMAP on specific applications. CMAP estimates that it will be able to provide assistance to less than half of the applicants this round. Your feedback plays an important role in helping us review and evaluate each application.

In particular, CMAP is asking you to:

- Alert us to other ongoing or past work in the communities that submitted applications
- Provide any insights about project history
- Suggest questions that we should be asking the applicant
- Give your overall reaction to the project concept

ACTION REQUESTED: Information and Discussion.

Fiscal and Economic Impacts of Local Development Decisions
As a follow-up to the Regional Tax Policy Task Force's report to the
CMAP Board, the Board requested that CMAP build on its prior work to
conduct a detailed study on the fiscal and economic impacts of
development decisions, with an approach that was regional in scale and
included specific information and cooperation from local municipalities.

Elizabeth Schuh (CMAP) will provide an overview of this effort and would like your feedback (please see the associated memo "Fiscal and Economic Impact of Development Decisions Project Update," posted with these materials and available here).

ACTION REQUESTED: Information and Discussion.

#### Other Business

#### Public Comment

This is an opportunity for comments from members of the audience. The amount of time available to speak will be at the chair's discretion.

### Next Meeting

The committee is scheduled to meet next on July 17, 2013.
